Apple Orchard

Our sweeping apple orchard will leave you speechless. A true testament to the seasons, the spring brings beautiful blossoms to the trees which evolve into bountiful fruit throughout the summer and fall. Its tree cover and pastures make it the perfect spot for wedding ceremonies and photographs

Historic Stone Bank Barn

Come see a bit of traditional Pennsylvania Dutch architecture at our stone bank barn. Originally used to stock hay and livestock, this rustic barn is ideal for hosting some of your most intimate memories. With over 3,000 square feet of space, our barn comfortably houses 180 of your closest family and friends.

Rodale House

A Rodale Institute staple, the Rodale House was built sometime around 1810, and has housed several members of the Rodale family. Just another one of our gorgeous venues perfect for a quick photo shoot. The house is also used to accommodate the bridal party during preparation.

Garden Pavilion

As scenic enclave, the garden pavilion is enveloped in demonstration plots including fresh cut flowers, medicinal herbs, and fresh produce.

This site includes an ideal ceremony grove and is the perfect location for a cocktail hour. Home to a pond, the garden pavilion sees many birds, butterflies and even bullfrogs.

Tree Grove

Our magnificent tree grove is like something out of a fairytale. With rolling green pastures, towering trees and scenic plantlife surrounding it, you will definitely want to recite your vows here, or capture the moment with a few pictures.
